Bhavin Ahir

Born On 2nd June 1988.

After Completion Of B.E.Information Technology From Vishwakarma Government Engg. College-Chandkheda, He Started TechMax Solution At Age Of 21 Year.

What Bhavin Ahir Says?

- In Starting Its Very Hard To Get Order, Because When We Goes To Customer There Is Main Problem Is Our Age. So, Customer Says You Can Do This Work Or Not? But, We Says Why Not? We Definitely Do That. I Remember Many Customers Who Says You To Small To This Work Or You Looking Like College Student. But We Successfully Do All Works. Thanks To All Customers Who Believe In Us.

There Are Many Difficulties In Starting And Also Right Now, But We Happy That We Run This Business Successfully. The Question From Most Of Customer Is That "You Can Do This?", My Answer To That All Is "We Done, We Doing And We Does It Forever".

Our Mission

- Our Mission Is To Provide Best Service And Support To Our Customers.
